JOHNNIE WALKER SHERMAN V M4A4 75MM IRISH GUARDS

IDENTIFICATION LOCATIONS

There are several common options for these markings

The "30" is the bridge weight classification for bridges

If you add a .50 Cal or a .30 Cal to your tank these are the decals for the ammo boxes

50 CAL .50 APFMS LINKED LOT DM-L-217 44
50 CAL .50 APFMS LINKED LOT DM-L-217 44
50 CAL .50 APFMS LINKED LOT DM-L-217 44
50 CAL .50 APFMS LINKED LOT DM-L-217 44
50 CAL .50 APFMS LINKED LOT DM-L-217 44
50 CAL .50 APFMS LINKED LOT DM-L-217 44
50 CAL .50 APFMS LINKED LOT DM-L-217 44
50 CAL .50 APFMS LINKED LOT DM-L-217 44
50 CAL .50 APFMS LINKED LOT DM-L-217 44
50 CAL .50 APFMS LINKED LOT DM-L-217 44

These are fictitious markings for a Sherman V, Firefly, etc.. belonging to The Irish Guards B Sqn. ETO 44-45. Makes a unique set of markings for your model.

As with any massive military organization the consistency of markings varied wildly. Your best bet is to look for reference material to go by. The internet is a wonderful thing! This is purely a general guide on the placement of markings.
